## Job Experience

- Front-end Instructor @ Le Wagon China** 2019-Present  
Currently have a part-time position leading the Front-end module of Le Wagon's bootcamp in Chengdu and assisting in Shanghai. Consists of a fast 3 day introduction, starting with HTML & CSS basics, then moving into CSS components, then bootstrap and layouts.
- Intern & TA @ Le Wagon Chengdu** 2018-2019  
My internship experience with Le Wagon Chengdu consisted of organizing workshops/ events and expanding their social media presence globally. Running marketing campaigns and working with Facebook ads manager, analytics and insights. I also lead several front-end workshops such as "Building a website with HTML & CSS for beginners".
- Freelance Developer @ Polyphasic Devs** 2017-2019  
During my time at Polyphasic Developers, I built on my knowledge of Ruby on Rails, HTML & CSS and JavaScript. With material and resources I had access to, I also learnt a new language and framework (swift & iOS). During this time, I built and published my first iOS app to apple store. After working at Polyphasic Dev, the co-founder started a new company and brought me over, where I now focus on iOS development.
- Chengdu Community Manager @ GGI** 2016-Present  
Girl Gone International (GGI) is a Non Profit Org representing, empowering and connecting women who are living, studying, working or traveling abroad. For the GGI Chengdu community, I manage finding locations; planning; promoting and hosting events. I also manage the GGI Chengdu wechat community.

## Education

- Software Engineering @ Sichuan University** 2015-Present  
Graduating in 2019 with a Bachelor Degree in Software Engineering (BSE).
- Full-Stack RoR Bootcamp @ Le Wagon** 2017
